

# Spey Safe

Friday 20 November 2020

I am delighted see how many of you are wearing face coverings in communal areas of school. Well Done and Thank You!

It is important that we respect ALL members of our community. This includes lunchtimes in local shops and streets. Please remember to follow the guidelines as below.

Please maintain the 2 metre distance from each other to help prevent the spread of Covid. At times where this isn't possible everyone should wear a face covering, unless exempt.

Do not gather in large groups around the shops.

Wear your own face covering appropriately at lunchtimes when at the shops.

Make sure you leave space for the general public to move past.
