Date: 24 March 2023

Dear Parent/Carer

## **SQA Exam Information**

### **Entry checks**

The SQA exams will soon be upon us. This week and next we will see all of the senior pupils with a list of their SQA entries as well as personal details the SQA hold. To this end, we make sure their name is correct for how it will appear on their certificate and their address is correct as this is the address their certificate will be sent to. If there is a change of address before the results certificates are sent out at the beginning of August then please inform the school as soon as possible and we will ensure the SQA are updated. Young people are asked to sign that we have the information correct or notify us of any issues and they are given a copy to keep for their own records.

### **Your Exams**

Your Exams 2023 is a booklet given to all candidates with information and advice on before, during and after their exams. All candidates will be issued with a paper copy when they arrive in school (hopefully this week) but you can download a copy from [https://www.sqa.org.uk/sqa/files\\_ccc/Your-Exams-2023.pdf](https://www.sqa.org.uk/sqa/files_ccc/Your-Exams-2023.pdf).

### **Exceptional Circumstances Consideration Service**

This is in place for any young people who are unable to sit an exam or whose performance is impacted by personal circumstances. This could be something that either stops you from attending to do the exam or that affects your performance. For example a disruption could take place during the exam that is reported to the chief invigilator or you are unwell or are affected by any other personal circumstance. Please note that exam nerves or lack of concentration during an exam are not seen as valid reasons.

If we need to use this service we will require the candidate's permission and we will send to the SQA evidence of your work from which the SQA will decide on a grade.

### **Appeals**

If once you have received your results you have genuine concerns about a grade you can appeal either directly to the SQA or through the school. Once an appeal has been submitted a senior SQA marker will carry out a marker review on all of your SQA marked assessments. For anyone who requires a grade to gain entry to university there is a priority service. This service is free but it should be noted that during a review of this nature, grades could either remain the same, go up or go down.

While the Easter holidays are a time for rest and relaxation after a long and demanding term, time must be made to ensure that young people are as well prepared as possible for the exams. Please make sure your young person has a plan for study to ensure all areas are covered and they are well prepared as they can be. E-sgoil are providing an online Easter Study Support Programme. Information can be found at <https://e-sgoil.com/easter-study-support-2023/>. (See over)

Yours faithfully

**Ed Picksley**
