

PLEASE READ TO YOUR PERIOD 1 CLASS

– THANK YOU

THURSDAY 02 OCTOBER 2025

LIVET AND RINNES/L PUPILS: Should you have any concerns or wish to speak with a Guidance teacher, I would be grateful if you could contact your Year Head. Please see pupil notes for further information.

SECRET SQUARE CLUB: Secret SQUARE club has been happening throughout September. Did you notice?

We had several significant dates in September, where each element of the date was a square number! Not only is 25 a square number but 2025 is a square number, too! You are living in a year of mathematical perfection.

We met on:

- 4/9/25
- 9/9/25
- 16/9/25
- 25/9/25.

Well done to all those who worked out that these were the important dates (and why). Prizes have been awarded to a large number of young people for deciphering the code.

Saturday 27 September 2025 was a global square date. When you take all of the numbers written in both the British and American date form as one big number you get a square number. 27092025 is 5205 squared and 9272025 is 3045 squared. The next square year is 2116 but if you can't wait that long, look out for the 1 January 2036 for a meeting of the Secret Square Club... Will you be there? **(Thanks from the Maths department).**

SENIOR PUPIL WALK LEADER TRAINING: Please note this will NOT be on today. The final training session will run on Thursday 9 October.

DYSLEXIA AWARENESS WEEK SCOTLAND: This week we're challenging common myths about dyslexia with a Myth Busting campaign. Scotland will only become a dyslexia-friendly country when everyone knows what dyslexia is – and isn't. Show your support by wearing the Blue Ribbon.

Myth: Comic Sans is the perfect typeface for people with dyslexia

Truth: Research shows that people with dyslexia can read different typefaces and will find ones that they prefer. Adjusting the space between letters and lines in type can make reading easier
